WASHINGTON, May 31.-The Japanese Legation to-day received the following report from Tokio:

"It is officially announced that in the last naval battle the damages sustained by our fleet were very slight, and none of our battle-ships, cruisers, destroyers and other ships was lost, except three torpedo boats.

Storm of Rage Over Sea Defeat.

ST. PETERSBURG, May 31.—The catastrophe which has overtaken the Russian fleet has given a tremendous impetus to the demand upon Emperor Nicholas for the immediate convocation of a National Assembly without awaiting action upon the report of the Bouligin Rescript Commission.

With the single exception of the reactionary Sviet, the press pours out indignation and wrath upon the bureaucracy, which is held responsible for all the misfortunes of the war. Only the Novosti and the Bourse Gazette, however, declare that peace should be concluded.

The Russ, now the widest read paper in Russia, say, sthose guilty of Russia's disgrace should be overwhelmed with shame."

"The death of half a million of men," the Russ continues, "and the loss of billions of money is the price of the rejection of progress and Western civilization. Sebastopol struck the shackles from the serfs and Port Arthur, Mukden and Tsu Island should free Russis from the slavery
